Nahlee Lin

SAT: 2400

“Taking SAT classes at ACI was one of the best decisions of my life! During my time there, ACI helped me reach my full potential by helping me to identify my areas of weakness and by giving me important advice and strategies. The teachers made class enjoyable but still productive, and everyone at ACI was devoted to helping all of the

students succeed. ACI helped me exceed my goal and achieve a score that I had initially thought was impossible for me.

Thanks to ACI, I no longer have to worry about the SAT!”
